Unfortunately, I don't have the length restrictions but the loading dock is actually inside our parking garage and there may be a tight turn into the dock. I would advise a site assessment. There are three bays so two trucks can unload at once.

Phillip,

I will call LaShaun tomorrow first thing.

Thanks

Patrick

We need the loading dock information today. We are ready to issue our furniture contract this week, this is the last piece of information we are waiting on

o What are the height & length limitation on truck size for the loading dock? Can two trucks unload at one time?

Thanks

Phil
